Trim-A-Slitter™ from Van Mark is built tough and will provide years of dependable, trouble-free service. Engineered to slit, perforate and stiffen most coil and sheet materials, the Trim-A-Slitter™ is a must for anyone performing light-to-heavy duty material handling. Trim-A-Slitter™ is a rugged piece of precision equipment designed for demanding on-the-job use. The unit is fully anodized to retain its integrity, good looks and function for years, no matter what the weather.

- For 14" size model contact us to check availability. For wider models up to 72", see our industrial slitters.
