

Coil Dispenser™ works with TrimCutter™ and QuickScore™ to provide you with more time and money saving efficiency on your job site.

Coil Dispenser™ is one accessory that keeps paying for itself over and over. No unravelling coils and no wind damage are just two features that make this tool a must have for anyone in the trade. Coil Dispenser™ sets up fast and allows materials to be fed directly into most brakes, saw tables and slitters. Coil Dispenser™ works with **Quickscore™** and **TrimCutter™** for fast processing of materials down to desired lengths.

Put coil where you need it.

Perfect mate for your slitter.

Easily adapts to any brake.
