

## Full Support for Your Van Mark Tools!

Patent No. 6,854,314

4-Point Adjustable Legs

Use for brake setup.

Use for saw table setup.

We want to thank all our valued customers for making UniStand™ one of our best selling accessories ever! From mounting Van Mark brakes and saw tables, to using in cube vans, UniStand™ has truly lived up to its name. Not ones to leave well-enough alone, Van Mark is pleased to introduce UniStand Adjustable™ which features a 4-point adjustable leg system designed to give complete control over tool height and position with 6 height adjustments.
